EDUCATION

FOSTER SCHOOL OF BUSINESS, UNIVERSITY OF WASHINGTON, Seattle, WA

June 2026

Master of Business Administration (MBA), Management Science (STEM)

- Partnered with **Microsoft Research** to develop a go to market strategy for 'GraphRAG', a Gen AI knowledge retrieval tech.
- Conducted build-vs-buy and change management strategy for Seattle Space Needle's **AI workforce scheduling** solution.
- Winner at CMU Tepper AI Product Case Competition – Pitched an **AI native HealthTech App** to healthcare executives.
- Built an agentic AI Competitive Intelligence tool for **tempo.io** that turns market signals into strategic action items.

PUNJAB ENGINEERING COLLEGE, Chandigarh, India

May 2020

Bachelor of Technology, Computer Science & Engineering

EXPERIENCE

AMAZON WEB SERVICES (AWS), Seattle, United States

June 2025 – September 2025

Senior Product Manager Intern - Technical, External Services [EC2 – VPC Team]

- Drove **0-to-1 product definition** for a new private connectivity feature on AWS enabling secure model-to-data access for enterprise Gen AI workloads, securing greenlight from networking leadership to advance into prototyping in 12 weeks.
- Authored the PR/FAQ, GTM business case, and MVP roadmap grounded in **25+ enterprise customer interviews** and competitive market research, prioritizing features against latency, security, and integration friction as core success metrics.
- Defined **API specification**, ergonomics, and developer documentation with cross-functional partners across principal solutions architects, engineering, and UX, translating customer pain points into technical requirements.

AMERICAN EXPRESS, Gurugram, India

August 2020 – August 2024

Assistant Product Manager

- Shipped a Gen AI marketing insights pipeline by **evaluating LLM vendors** on accuracy, latency, and cost, and integrating the selected model into production data flows to auto-generate email campaign content for 30K+ SMB agents monthly.
- Launched an **AI/ML-powered recommendation engine** that segmented 500K+ SMBs by behavioral signals and matched them to dynamic content modules in email campaigns, rising new merchant activation by 15% and adding \$100K+ in quarterly revenue.
- Led discovery-through-launch of a centralized **campaign performance measurement platform** across 22+ marketing teams, defining KPIs, A/B testing framework, and adoption playbook that lifted marketing ROI by 30% and saved \$1M/year.
- Championed responsible AI adoption and led the cloud transition of analytical workflows from Hadoop to Google Cloud Platforms (GCP); trained 50+ colleagues on SQL, Python, Big Query and Tableau with 99% satisfaction.

Analyst, Digital Marketing Analytics

- Managed the agile roadmap for an automated pitch-deck generation platform, writing **user stories and prioritizing tradeoffs** with marketing and engineering, reducing analyst workload across 12+ international teams by 98%.
- Partnered with a leading US airline to identify **growth opportunities** by analyzing user behavior and travel patterns with SQL, Python and Tableau, surfacing actionable insights that influenced GTM strategy across 35+ international routes.

FOODCLUB (FRADLE TECHNOLOGIES), Chandigarh, India

June 2019 – July 2020

Co-Founder

- A food delivery app, operating in 3 Indian cities, with 500+ daily active users and 200+ restaurants & street vendors.
- Lead cross-functional engineering and operation teams to develop a B2C app, with 16,000+ downloads in 6 months.
- Integrated APIs for payments, subscriptions and maps to enhance functionality and 2X the user base in 1 month.
